

## CANCELLATION OF FIXTURES

Both opening fixtures against Avonvale and the President v The Captain on 6<sup>th</sup> & 7<sup>th</sup> April are cancelled. The continuing wet weather is saturating the green, and with another rainy week in prospect, it seemed advisable to take this decision to protect the green from significant and lasting damage.

Our greenkeeper recently issued the instruction that throughout April the green was not to be used before 2.00 pm, but this was predicated on an improvement in the weather. Rainfall has been persistent in the interim and the long range weather forecast promises more of the same. Accordingly, the fixture programme after the weekend will be reviewed and the greenkeeper consulted to ascertain when it will be safe to use the green. For the time being members may assume that the home game versus Keynsham on Wednesday 10<sup>th</sup> April will go ahead unless notified to the contrary.
